

Project Manager

Are you a proactive professional with a passion for process optimization and project management? As a Project Manager, you will play a crucial role in improving the organization as a whole. You will work on projects aimed at optimizing our business processes and driving operational excellence.

At KLG Europe, we are constantly evolving. Growth, innovation, and continuous improvement of our services are at the heart of everything we do. As a Project Manager, you will play an important role in this journey. You will work on projects that have a direct impact on our logistics operations and contribute to the further professionalization of our processes.

In this role, you combine strategic insight with a hands-on mentality. You dive into processes yourself, engage with colleagues on the work floor, and translate insights into concrete improvements. You act as the connecting link between different departments and ensure that projects are not only designed but also successfully implemented.

What will you do?

- Lead and actively participate in improvement and optimization projects within KLG Venlo;
- Develop and manage project plans, including scope, budget, risk analysis, planning, and resource allocation;
- Monitor project progress and quality and report to the Supply Chain Manager;
- Actively contribute to change management and ensure effective communication, alignment, and information transfer between various internal and external stakeholders;
- Drive the implementation of digitalization within existing work processes and workflows.

What does KLG Europe offer?

- The opportunity to lead impactful projects that strengthen the organization;
- Employment with a growing and financially healthy logistics service provider where values and standards have played an important role for decades;
- Attractive employment conditions, including a competitive salary based on full-time employment;
- Flexible working hours and the possibility to work from home one day per week;
- A flat organizational structure with short communication lines;
- Attention to training, personal development, and career growth opportunities;
- An informal and positive working atmosphere;
- Room for your own ideas and creativity;
- A dynamic, international, and innovative working environment;
- A pension scheme, active staff association, and additional employee benefits.

Your profile

- Bachelor's degree level of working and thinking (HBO), preferably with a completed degree in (Technical) Business Administration, Logistics, or a related field;
- At least 5 years of experience in project management. Experience in the logistics sector is an advantage;
- A proactive self-starter who takes ownership and does not wait for others to act;
- Comfortable diving into processes independently and gaining a thorough understanding of operations;
- Experience with Lean, Six Sigma, or Agile methodologies is a plus;
- Able to switch effectively between coordinating and hands-on operational tasks;
- Strong analytical skills with the ability to critically assess business processes and think conceptually;
- A strong sense of responsibility and the drive to help take the organization to the next level.

KLG Europe

KLG Europe is a global logistics service provider that successfully combines the strengths of a multinational organization with the culture of a family-owned business. Our people make the difference. They form the foundation of our company and our success. KLG Europe stands for Borderless Logistics, offering employees limitless opportunities while also providing a stable and supportive professional home. We actively invest in the growth and development of our employees.
